"No Tobacco Zone" Campaign

Organised by

Mariani College Student's Union 2024-25

Date of Event: 11 November 2024

Venue: Old and New Campuses, Mariani College

Organised by: Mariani College Student's Union

Supervised by: College Faculty

On 11th November 2024, the Mariani College Student's Union, with the due permission and support of the college faculty, successfully organized a "No Tobacco Zone" campaign within the college premises. The initiative was aimed at promoting a tobacco-free environment and raising awareness among students, staff, and visitors about the harmful effects of tobacco consumption.

As part of the campaign, the Student's Union actively equipped both the old and new campuses of the college with informative flexes and banners highlighting the message of a "No Tobacco Zone." These visual materials were strategically placed at prominent locations inside and outside the campuses to reach a wider audience.

The campaign explicitly discouraged the sale and consumption of tobacco products in and around the college premises. The initiative also served as a preventive measure to safeguard students' health and promote responsible behavior among youth.

ROHAN SOBOR
GENERAL SECRETARY
