

## **A REPORT ON FIELD STUDY TOUR TO DOOM DOOMA, ASSAM, ON 17<sup>TH</sup> OF MARCH 2025**

The department of botany organised the field study tour to Doom DooMa, Assam on 17<sup>th</sup> of March 2025 to visit the **Orchid Germplasm Conservation and Propagation Centre, Bordoloi Nagar, Talap, Doom dooma. 786156** as a part of partial fulfilment of FYUGP B. Sc. 2<sup>nd</sup> Semester SEC II syllabus of Conservation and Cultivation of Orchids.

The field visit programme was planned and Supervised by Dr. Bhaskar Buragohain. Deptt. Of Botany, Mariani College. The team comprises of 12 students of Botany Major Students.

Learning outcome: The participated students interact with The Orchid Man of Assam, Mr. Khyanjit Gogoi, Proprietor of the orchid conservation centre. He presented a long 2.30 Hrs. audio visual presentation covering orchid introduction, diversity, identification, reproduction, propagation and conservation.

Mr. Khyanjit Gogoi provided hands on training to the participants on orchid propagation, preparation of orchid pot media mixture and substratum preparation and maintenance of Orchidaria.
